

Growth That's Grounded in Service

As a distributor initially serving the coatings and ink industries, Raw Materials Corporation (RMC) was founded in 1985. Since our inception, we have expanded our distribution to include the adhesives, construction, grease & lubricants, plastics, and oilfield markets. While our product line continues to grow and now represents more than 30 high-quality industrial and specialty chemicals suppliers, our commitment to delivering first-class service remains unchanged.

Expect Personal Attention

RMC operates our own full-service warehouses in both the Houston and Dallas-Fort Worth areas. Our staff of highly-trained professionals ensures you will consistently receive the support you need, when you need it.

Benefit from Continuous Improvement

RMC is committed to achieving health, safety, and security through continuous improvement in chemical storage, handling, transportation and disposal.

In addition, involvement in key organizations, such as the Houston and Dallas Societies of Coatings Technology, ensures we stay informed on the latest industry trends and developments.

**REPUTABLE PRODUCTS.
TECHNICAL EXPERTISE.
RESPONSIVE SERVICE.**

Raw Materials Corporation

**CASE
INDUSTRIES**

CASE Principals & Products

ADVANCED MARKETING INTERNATIONAL INC (ADMARK)

- Castor Oil Derivatives
- Aluminum Paste
- Phenylamine

ARNETTE POLYMERS

- Epoxy Resins and Curing Agents
- Reactive Diluents
- Mercaptans, Novalacs, and Oxazolidines

ATA TENSOATIVOS

- Silicone, Polymeric, and Solvent Based Additives

AYERS INTERNATIONAL CORPORATION

- Ethylene Copolymers

BURGESS PIGMENT

- Kaolin Clay (Calcined, Water Washed, and Surface Treated)

DICALITE

- Diatomaceous Earth
- Perlite

DK FINECHEM

- HEC
- HEMC
- HPM
- HPS

EAGLE SPECIALTY PRODUCTS

- Pigment Dispersions,
- Specialty Additives and Oils

FACI

- PVC Additives and Lubricants
- Polyolefins Products
- Aqueous Dispersions

GLOBAL BIOCIDES

- Biocides and Mildewcides
- In-Can Preservatives

LAPINUS

- Engineered Mineral Fibers

LHOIST NORTH AMERICA

- Calcium Carbonate

MAUSER PACKAGING

- Lithographed Steel Pails (2-6 Gallon)

NORAC ADDITIVES

- Metal Stearates (Calcium, Zinc, and Aluminum)
- Calcium & Zinc Heat Stabilizers

ORGANIC DYES & PIGMENTS

- Colorants for All Industrial Applications

POLIMEROS ESPECIALES

- Acrylic Polymers
- Styrenated Acrylic Copolymers
- Vinyl Acrylic Copolymers
- Vinyl Acetate Homopolymers
- Acrylic Thickeners and Dispersants

POLIMEROS SINTETICOS

- Alkyd Resins
- Gum Rosin Derivatives
- Acrylic Emulsions

POLYETHYLENE CONTAINERS INC

- Utility & UN Certified Plastic Pails

RHINO CONTAINERS

- Metal Containers

TECNO INDUSTRIES

- White Calcium Carbonates (Fine Particle & Aggregates)

TRIISO

- Hydrocarbon Resins
- Domestic & Sino American Titanium Dioxide
- Additives (Anti-Corrosion, Flow & Leveling, wetting, etc.)
- Adhesion Promoters

U.S. METAL POWDERS, INC

- Aluminum Powders & Paste (Leaving & Non-Leaving)

Other Specialty Products

- Synthetic, Organic & Pearlescent Pigments

Representing Leaders of the Specialty Chemicals Industry

Effective representation for our principals is focused on our customers' needs, and is achieved through integration between industrial markets, innovative technology, and a knowledgeable sales staff.

As we continue to expand and meet the unique needs of our customers, please visit our website for updated product listings.
